

## We Believe that...

- *Everyone deserves a place to call home.*
- *Collaboration is vital to change.*
- *Relationships are the key to our work.*
- *We foster empowerment by helping our participants focus on their strength and resiliency.*
- *We can't do this alone: Depaul needs community partners, volunteers and employers help our clients move towards self-sufficiency.*

*Everyone deserves to have a place to call home and a stake in the community.*

## PHILADELPHIA SERVICES

**Depaul House** provides short-term housing for men, helping them to gain employment, move into permanent housing and become independent.

**St. Raymond's House** provides permanent housing for men and women with disabilities.

**Rapid Rehousing** provides permanent housing with short-term rental assistance and case management to employed men so that they can increase their income.

**Medical respite**, is a partnership with Public Health Management Corporation (PHMC) and provides a place to recuperate following discharge from hospital emergency rooms.

**Immaculate Cleaning Services** is a janitorial franchise that employs residents of Depaul's programs and provides income to support agency services.

Depaul USA believes that everyone should have a home and a place in the community. In 6 cities across the United States, Depaul USA helps homeless men and women to realize their potential through a diverse array of services.

Our programs in Philadelphia aim to give people the tools they need to permanently exit homeless. All programs aim to provide services with respect and dignity, helping residents to achieve their goals.

Annually, Depaul assists over 150 residents to find stable housing and a place in the community in Philadelphia. In 2017, 89% of residents moved on to more stable housing and 90% were connected to primary health care services.
