

Christian Education and Sunday School

Submitted by: Pamela Thomas, Sunday School Teacher

List of the members currently serving on your ministry or leadership team:

I have 8 (eight) students and 2 sub teachers, Ms. Jan and Mr. Julius

As you look at the goals you had planned for 2022, what were you able to accomplish?

Please be as specific as possible.

My goals that were planned for 2022 were:

- ❖ Kids were encouraged to come to Sunday school that is, making Sunday school lively, interesting, and a happy place to be on Sunday.
- ❖ Helping kids to make right choices as they grow.
- ❖ Making the message of Jesus very simple for the kids to understand.

How has your ministry's or leadership team's work and goals shifted throughout 2022 (due to COVID or other events)?

It shifted the Sunday school because some families are still worshipping online and there are more kids at home.

Where is your group or ministry area stuck? Do you need help in discerning who to ask to join your group or to get more involved?

I personally do not think my group is stuck, because we have been having a wonderful time in Sunday school.

What do you hope to accomplish in 2023?

This year (2023), it is my hope that more families will be happy to bring their kids to Sunday school and let the message of Jesus go forth in that, the kids will get to know Christ more and more.

What has changed since returning to in-person/ hybrid ministry? How does your group imagine bridging the in-person/ hybrid gulf in 2023?

I observed there has been more smiles, joy, and fellowship with one another.

What are the ways that the church can support your team in achieving your goals for the upcoming year?

The church can encourage more families to come to in-person worship service with their children.
